## We're 20 Years Old!

This month Calyx® celebrates its 20th year in business. That's 20 years of making the software that makes your life easier.

Help us celebrate at our first [User Conference](#) in Las Vegas on November 15th. [Join us](#) at the conference and automatically be entered to win a new iPad2®! Learn everything you need to know about your software and take your business to new levels of efficiency. Mingle with our leadership and product experts as we introduce our exciting new line-up of products!

## Point 7.5 is Coming!

Point® 7.5 is scheduled for release via MyCalyx® early December. This release has updates you need for December, so don't delay pushing it out to your users.

ULDD functionality will be included in Point 7.5.

For loans with a loan application received date on or after December 1, 2011, you must begin collecting ULDD data points for Phase I implementation. Because of this deadline, we are offering a Beta download of this functionality included in Point 7.5 via MyCalyx beginning mid November through the full release date.

Other compliance updates and interface changes in Point 7.5 include:

- Notice of Action Taken functionality expansion
- Improved user interface for the GFE Service Provider List
- New Credit Score disclosure
- Fannie Mae EarlyCheck functionality

In addition to improving the screens for Borrower information and the 1003, Point 7.5 offers expanded screen views, pop-up dialog boxes for multi-city zip codes and consistent screen layouts to enhance your visual experience.

Call your sales representative for more details at 800-362-2599.

### Correctly Calculating USDA Loan Fees

As of October 1st, the upfront guarantee fee for the Single Family Housing Guaranteed Loan Program and how you calculate the annual fee have changed. Figuring out how to accommodate these changes in Point is documented on our [support site](#). It's important to note that this article covers our current version of Point (7.4) as well as our upcoming version (7.5). For other questions on Point, from how to install to figuring closing costs, please see our [Knowledge Base](#).
